BOX TOPS NEWS

The BOX TOPS collection has started off with a BANG! One of our parents used the Boxed.com website and ordered products which gave our school 100 BOX TOPS. We collected some BOX TOPS from parents, students, and teachers these couple of weeks of school. The total from them is 137. So, the grand total so far is 237. This is at least 20% for our 100% needed to reach our goal. Our goal is 1,000 BOX TOPS by the end of 2019. I have also had several people use the BOX TOPS app. They scanned their receipt and money was added to our school account. If I can do it, I know that anyone can. The app is user friendly. Please email me at slayson@doe.k12.ga.us if you have any questions. Please keep sending in the BOX TOPS you collect with your child. The teachers will give them to me. REMEMBER: Please check the dates anything prior to 11/19 will be out of date. Our deadline for this year is Oct. 31. Thanks for helping our students go on memorable field trips.

You may get the App from iTunes and Google Play. Learn more here:

Discovering the Future

An Action-Planning Workshop for Parents/Caregivers of Young Adults with Vision and/or Hearing Loss and Additional Disabilities

Are you concerned about what your child will do after high school?

Young adults with vision and/or hearing loss and additional disabilities often require more assistance and time in planning for what they will do after high school. This workshop helps prepare families to take an active role in planning for their young adult child's future- with activities that are ***purposeful, meaningful, and enjoyable***.

During the workshop, Parents/Caregivers will:

- begin to imagine what a successful future for their child looks like
- discover tools to help their family work together to imagine and implement that future
- become aware of state resources and how to access them
- create a plan of next steps: What do you need to learn? What supports do you need?
